

After a 20 year career in printing and regional food publishing and with the sale of his business in 2000, Chuck Spanbauer began Your Guest Chef as a catering business serving Green Bay, Appleton, the Fox Valley and throughout Wisconsin.

Chuck's culinary training started on the apron strings of his French grandmother who was born and raised in South Carolina. The commingling of the French love of food and Southern hospitality are evident in his unique approach to catering and the art of party planning. His culinary studies have been an on life-long passion to blend art, food, hospitality and the drama of fine dining.

His grandmother instilled in him that:

"The highest compliment you could offer a guest was to entertain them in your home."

Chuck gives discriminating diners his unique blend of entertaining for private functions and lavish catered events at private homes and corporations throughout Wisconsin.

Let Your Guest Chef pay that same compliment to your guests in **your** home while we make a memory together.
